

## Arctic Char

Arctic Char's raw flesh displays a pearly pink hue, transforming into a white color when cooked. Barramundi boasts a firm yet moist texture with sizable flakes, highly esteemed for its sweet and buttery taste. Smaller barramundi tend to have a milder flavor compared to their larger counterparts. Notably, the fish contains few but easily removable bones.

### Product Details

<b>Pack Size</b>	Various
<b>Cooking Methods</b>	Bake, Broil, Fry, Grill, Poach, Sauté
<b>Texture</b>	Firm
<b>Flavor</b>	Mild
<b>Availability</b>	January - December
<b>Scientific Name</b>	Lates calcarifer
