

Bleu D'Auvergne-Half Wheel

Bleu d'Auvergne, available in half-wheel form, is a robust blue cheese crafted in the Massif Central region with cow's milk, drawing inspiration from Roquefort. Its creamy texture and ivory-colored paste, adorned with scattered holes and greenish-blue veining, create a visually appealing cheese. The cheese boasts a sharp aroma and a spicy, herbaceous flavor with notes of melted butter. Despite its piquant profile, it maintains a balanced sharpness, making it a cheese of exceptional character and taste.
