

## Castillo de Canena Biodynamic Picual Extra Virgin Olive Oil

Biodynamic agriculture is a step beyond organic farming method. It is founded on the harmonization between the different forces that govern nature: seasons, atmospheric phenomena, lunar cycles and the position of the constellations in the cosmos. Biodynamic agriculture seeks a comprehensive balance of soil, trees, animals and humanity. This is a fresh, lively and expressive oil with favors of olive leaf, lettuce and artichoke, and hints of fresh fruits, tomato vine and a heady touch of green banana and apple.
