

FireFly Farms Fresh Goat Cheese-Herby Harissa

Fresh Goat Cheese is one of FireFly's original cheeses and is one of their most recognizable products. FireFly's flavored goat cheeses include this nod to the Middle Eastern flavors of the Levant: Herby Harissa. The wonderfully robust Herby Harissa spices make this flavored goat cheese full of savory flavor with just the right amount of heat. The Herby Harissa flavored goat cheese makes a perfect spread on crackers, toasted bread, or sandwiches, and can also be used as a warmed melty dollop on vegetables or with braised meats.
