

## FireFly Farms Fresh Goat Cheese

Fresh Goat Cheese is one of FireFly's original cheeses and is one of their most recognizable products. They source all of their milk from local farms and process it into cheese within 24 hours. FireFly Farms' fresh goat cheese has a clean, mild flavor with a bright citric tang and a creamy texture. It is a favorite with consumers, chefs, and caterers alike. Their cheesemakers begin their day in the early hours of the morning by hand scooping and massaging the fresh curd that was pasteurized and allowed to coagulate overnight. They're as proud of the sustainable way this cheese produced as they are of its flavor and texture.
