

## Jasper Hill Alpha Tolman-Wheel (Special Order\*)

Alpha Tolman is a Jasper Hill original, inspired by classic Alpine cheeses of Europe. Its name pays homage to Mr. Alpha Tolman, a philanthropic dairy farmer responsible for—among other notable works—building the town library in 1900.

True to style, Alpha curds are cooked and pressed to achieve a tight, elastic texture and robust, complex flavors. Young wheels are washed with a cultured brine to cultivate a natural rind that lends an authentic, funky depth of character. Mature wheels are bold and meaty with amplified butter and caramelized onion flavors carried by a rich and crystalline texture.

The texture, aesthetic, and flavor make Alpha Tolman an ideal choice for fans of Appenzeller (or fondue). Try pairing with a robust ale, plummy red wines, or onion jam. For a satisfying and novel meal, follow the lead of Swiss/French raclette: melt it onto a plate of fingerling potatoes, cured meat, and natural sour pickles.
