

Mitica Chococherries

Light colored, dye free cherries are candied in a mix of sugar and local liqueur and then dipped in luxurious dark chocolate. Two groups of brothers, each longtime producers, collaborated on the creation of ChocoCherries™. They are experts in chocolate and dried fruit, respectively, and their families have been culinary innovators for three generations. Their magical combination of intense cherry, a light kick of liqueur, and velvety chocolate elevates the art of confectionary. Wickedly delicious.
