

Russian Osetra Caviar

Russian Osetra caviar is considered an excellent choice amongst culinary enthusiasts worldwide. This caviar comes from a 100% pure breed of Russian Sturgeon, the exact same stock has been taken from the wild, and is now being farmed and processed in Poland with total oversight of quality, hygiene and genuine Caspian Processing Methods. This caviar is processed with fine sea salt and the highest quality Russian Sturgeon Roe, resulting in a clean and fresh taste that provides a hint of the sea and a delightful finish.
