

Wrångebäck-Wheel (Special Order*)

Currently matured to an age of ten months, Wrångebäck manages to somehow be completely unique in flavor, while also straddling profile notes of beloved styles of cheese. It starts out with dense cream blast and more umami, brothy notes reminiscent of a cooked curd Gruyere. But as the flavors develop on your palate, it starts to lean towards a more acidic note, closer in flavor to a lowland Cheddar. This dance between profiles makes Wrångebäck universally loved by all, and easy sell on any counter.
