Our most popular cheese and an organic American Original cheese recipe, **Mt Tam** has all the lusciousness you expect from a triple cream with a unique heart that upholds its texture. Named after the iconic landmark Mt. Tamalpais that rises over the San Francisco Bay in Marin County, Mt. Tam is produced with organic, locally sourced milk & rises about the standard for bloomy rind cheese. It takes you from fudgy firmness to buttery softness with flavors spanning from bright crème fraîche to complex and mushroomy, evoking North Bay's lush green & gold pastures. **Pierce Point** transports you to the scents and sights of late spring on the Northern California coast. Named for a ranch on the Pt Reyes National Seashore, this luscious triple cream is dusted with a mix of dried field flowers, wild chamomile, calendula and Thai basil. Pierce Point delivers all the herbaceousness of the milk, accentuated with herbs and stunning edible flowers, capturing the essence of the season year-round!
