La Quercia's signature prosciutto simply made with heritage breed Berkshire pork and California sea salt. Launched in 2005 and still their flagship prosciutto, it's lauded for a distinct richness and depth of flavor.

They use the thick bellies from 50% heritage Berkshire breed pigs, big and meaty with generous layers of rich creamy fat. Rubbed with juniper berry, bay leaf, and peppercorn and fully aged for 2 months. Perfect for rendering for a vinaigrette, making lardons, wrapping around meat or seafood. Or crisp up for a knockout PLT!

Lightly cold smoked over real applewood, this crowd-pleasing Speck Americana prosciutto pairs wonderfully with just about anything you can think of: cheese, beer, winter greens, roasted vegetables...you name it and speck will add a hint of savory smoke and umami to any dish.

PRÉSIDENT® EMMENTAL SWISS

ORIGIN

French Président Emmental is produced in France's north-western region. This region has a warm, temperate, maritime climate, with luxurious landscapes and lush pastures where Pie Noire cows graze on a high-quality grass to provide the best milk.

TASTE & TEXTURE

This Swiss type cheese is made from pasteurized milk of grass fed cows not treated with rBST. It is a cooked and pressed cheese with a firm ivory to pale yellow paste. Emmental wheels have convex edges and are covered with a golden-yellow dry, hard ring. One of the most striking features of Emmental is the 'holes' or 'eyes', as they are popularly called.

WINE & FOOD PAIRING

Emmental is a "ready-to-eat" platter cheese. In cooking, it is often melted and browned on top of dishes. Blended with Gruyere cheese, it is also used for fondue. Pair it with white or light red wines from Southeastern France like Côtes du Rhône.

Many people enjoy the robust flavors that come from the line of Old Quebec cheddars, but few realize the time and attention it takes to bring this flavor experience to their table. The process starts at a rural cheese plant in the province of Québec, Canada. Cows grazed in the Saint Lawrence River Valley provide some of the highest grade milk for production, the first essential ingredient in cheese. Then a carefully guarded, proprietary starter culture and cheese making process yields what could be an exceptional cheddar.

Old Québec

VINTAGE CHEDDAR

7 Year Reserve Cheddar

During grading, a small number of cheddar blocks are identified as exceptional candidates for a unique level of aging... pushing the cheddar out to 7 years aged and more. This "Reserve cheddar" is available in very limited quantities. A small taste will bring big, complex flavors to enjoy. Pair with your favorite complementary beverage or enjoy by itself.

Cheesemakers first produced Colby, a close relative of Cheddar, in the central Wisconsin town of Colby in 1885. Similar in flavor to Cheddar, Colby is softer and has a more open texture and higher moisture content. Cheesemakers spray the curds with cold water and stir them while they are still in the vat to prevent the curds from knitting together. This procedure gives Colby a more elastic texture than Cheddar. Slice for sandwiches, shred into casseroles, cube for snacks.

Ciabatta, or "slipper" in Italian, is the perfect combination of rustic, country-style texture and delicate, exquisite taste. This traditional Italian-style bread boasts a chewy exterior and an airy, open crumb that's speckled with tons of irregular air holes. Ciabatta was created to be used as a sandwich loaf. Slice lengthwise, and pile it high with your favorite cheese and cured meats. It can also be used for dipping in soups and stews, grilled and drizzled with olive oil, or in your bread basket alongside a scoop of butter.

A smaller version of the French Baguette, the French Demi Baguette is excellent when paired with ham, gruyère, and cornichon, but it also makes the perfect base for a classic Jambon-Beurre Sandwich.
