# CALABRO

Calabro low moisture Mozzarella is made using a natural fermentation process, which produces a consistent melt and flavorful, buttery flavor. It has a denser texture and a tangier, saltier flavor than mild, milky fresh mozzarella. It's most popular use is on top of pizza but it can be sliced or grated and added to lasagna, sandwiches, quiche, dips, and so much more. It is also great for cheese platters and snacking.

Calabro signature whole milk ricotta is made from local, farm fresh milk. It has a delicate, creamy texture and is the perfect option for all your cooking needs, savory or sweet.

Over 130 years ago, Luigi Bertagni set out to make filled pastas for the neighbors of his pastificio, a small pasta shop in Bologna, Italy. Fast forward a little over a century: Bertagni is still making pasta like Italian nonnas make in kitchens throughout Italy - with soft wheat flour and a bounty of eggs, for sheets of silky, tender pasta that taste delicate, but won't fall apart in cooking. The fillings, which are the true hero of filled pastas, are made with premium cheeses from Italy.

As Le Gruyère AOP slowly matures in the cave-like atmosphere of Emmi's cellars, each wheel is delicately turned, lightly brined and brushed. This brings out the inimitable flavor featuring notes of candied walnuts, dried fruit and spice.

**BELGIOIOSO®**

This fresh cheese resembles a fresh Mozzarella ball, but when split open, you will be delighted to discover a rich-tasting soft filling of fresh pieces of Mozzarella soaked in heavy cream. This cheese offers a sweet, milky flavor that gently fills the palate. Made to order from fresh milk gathered daily from local farmers, each ball is hand-formed and packaged in water to ensure maximum freshness while maintaining shelf life.

Made from fresh, local milk gathered only a few hours after milking, BelGioioso Fresh Mozzarella begins with quality ingredients and care. The result is a delicate, clean-flavored Fresh Mozzarella with a soft, porcelain white appearance – the finest available on the market today.
