Saint André is nicknamed "the heavenly cheese" for good reason. A triple crème soft-ripened cheese with velvety smoothness, Saint André hails from the sea-swept village of Coutances in Normandy. The region is luscious with temperate climates, allowing the cows to graze outside for most of the year. Once you pierce the soft, velvety rind, the creamy, ivory heart is ready to be spread on a crusty French bread and paired with a light beer or an off-dry dessert wine. With each taste, let the coast come to you.

READY-TO-DRINK COCKTAIL MIXERS

- Real juices and natural roots and extracts
- No artificial flavors, colors or preservatives
- Only 55–60 calories per 7 oz. bottle
- Lightly sweetened with cane sugar
- Kosher, Gluten-free, Non-GMO
- Contains no alcohol

GROWN-UP SODA

Made with about 40% less sugar than typical sodas, GuS Sodas lack the cloying sweetness found in mainstream sodas. Real juices, natural extracts and a light amount of cane sugar give these sodas a dry, refreshing "grown-up" taste profile. This crisp, less-sweet taste makes them an ideal accompaniment to fine food and as a base for easy-to-make cocktails.

Deep River was inspired by the hardships and challenges in health and wellness faced today. They are inspired by children, friends and coworkers who have to fight back after life-threatening accidents, illness or are coping with the loss of close friends and family. Their courage motivates Deep River to take action. While they can't develop cures or save lives directly, they can use Deep River Snacks as a platform to raise awareness and funds for the organizations that can make a difference.

Born out of serendipity, MountainTop is a unique American original. Formed using the classic pyramid Valencay mold, instead of the traditional ash this cheese uses surface blue mold to cover and ripen the cheese. MountainTop is aged in FireFly's blue cheese aging room where each pyramid is turned daily. After one to two weeks, the ambient blue molds of the blue room cover the surface of the cheese after which a bloomy white mold begins to develop. The cheeses are then packaged in individual clamshells, which mimic aging room conditions. They will continue to ripen in this environment for another two weeks before being released. MountainTop is a favorite of soft-ripened cheese lovers, with just a hint of delicate blue notes.

Try pairing with a Reisling or Sauvignon Blanc, charcuterie and a drizzle of honey.
