Exceptional Sauces for Pasta & Beyond

In Italy, scarpetta is the way to show appreciation for a meal. Dive into this luscious Saint Agur, and you'll discover stunning bluish green markings that tell the storied history of the sprawling hills of Auvergne. The story of Saint Agur starts with Roquefort. French cheese lovers used to top the sharp sheep's milk cheese with butter to make the intense blue flavors sultrier. And thus, came the idea for Saint Agur – a luxurious double cream cheese made from mountain cow's milk. Deliciously soft and easily spreadable, this cheese is sinfully decadent with a spicy kick and a rich, buttery finish – a perfectly unique balance between strong flavor and delightful creaminess. Pair it with your favorite Côte du Rhône and take a quick armchair trip to the lush French countryside.

Alpha Tolman

RAW MILK MOUNTAIN-STYLE CHEESE

CAVE AGED *A Taste of Place* FARMER OWNED

True to style, Alpha curds are cooked and pressed to achieve a tight, elastic texture and robust, complex flavors. Young wheels are washed with a cultured brine to cultivate a natural rind that lends an authentic, funky depth of character. Mature wheels are bold and meaty with amplified butter and caramelized onion flavors carried by a rich and crystalline texture.

The texture, aesthetic, and flavor make Alpha Tolman an ideal choice for fans of Appenzeller (or fondue). Try pairing with a robust ale, plummy red wines, or onion jam. For a satisfying and novel meal, follow the lead of Swiss/French raclette: melt it onto a plate of fingerling potatoes, cured meat, and natural sour pickles.

Mackenzie Creamery produces hand-crafted, artisan goat cheese from the finest local ingredients.

Quality. Healthy. Local. Sustainable.

Our handmade artisan goat cheeses are produced from goat milk which we purchase from local dairies located within a 45-mile radius of the creamery. The milk is all natural and contains no synthetic hormones, antibiotics, or chemical compounds. It is gently transported from the dairies to creamery – one of the factors that contributes to its rich, smooth qualities.

As our pride & joy, our award-winning fresh chèvre is a locally sourced blend of protein-rich milk from La Mancha, Nubian, Saanen, and Alpine goats, salt, cultures, and vegetarian rennet.

Our Honey Chevre uses raw, lightly filtered honey from Lazy Bee's hives, right here on Mackenzie Creamery's farm.

As one of our most requested flavors, our seasonal goat cheese is like a slice of pumpkin cheesecake with every bite. It incorporates pureed pumpkin, cinnamon, and ginger to give this goat cheese that sweet, rich, and unmistakable earthiness.

TASTE REPUBLIC

Finally, gluten-free pasta done right

We believe fresh pasta can be gluten-free and still have the same amazing taste and texture as "regular" pasta. That's the standard each of our products has to meet before ever making its way to your plate. Taste Republic was born from a passion to help. That drive led to the creation of numerous gluten-free and grain-free pastas that continue to set the standard for what's possible.
