GRAND NOIR

CHAMPIGNON®

Our Allgäu region of Bavaria made cheeses are crafted by master cheesemakers trained in the artistry of affinage to create cheeses of exceptional quality & taste. The exquisitely creamy & lactose-free **Cambozola** brings together in harmony two distinct styles - mellower than a typical blue cheese with a velvety smooth texture. **Cambozola Black Label** is the reserve version of our classic Cambozola, with stronger notes of blue & aged longer yielding a bolder flavor & a texture that melts on the tongue. **Champignon Mushroom** is flecked with fine mushrooms that add a mild but refined earthy flavor. Draped in a distinctive black wax, **Grand Noir** is aged to develop a luscious, silky & creamy texture & bold blue notes. Creamy & buttery, **Rouquette Bavarian Red**, is so soft & smooth with all-natural paprika extract to add just a hint of flavor.

La Quercia Guanciale is a cured pork jowl lightly spiced with rosemary and peppercorn. High collagen content bestows a silky quality to the robust flavors that permeate each bite. **Prosciutto** remains our most popular creation, made with Berkshire pork, it's lauded for its distinct richness & depth of flavor. Our **Pancetta** is rubbed with juniper berry, bay leaf & peppercorn,

big and meaty with generous layers of rich creamy fat. Lightly cold smoked over applewood,

La Quercia Speck pairs well with just about anything, adding a hint of savory smoke & umami to any dish. **Lomo** develops its flavor & texture from a cold dry process- a unique item, that balances the lean loin with the subtle creamy back fat cap on the loin. **Coppa** balances the curing processes for prosciutto & salami to create a completely unique robust & buttery flavor.

Jambon is La Quercia's interpretation of the charcuterie classic. It's rubbed with sea salt, hung, dried & cured to highlight the delicacy & natural flavor profile of the heritage breed pork.

TASTE REPUBLIC

Finally, gluten-free pasta done right

We believe fresh pasta can be gluten-free and still have the same amazing taste and texture as "regular" pasta. That's the standard each of our products has to meet before ever making its way to your plate. Taste Republic was born from a passion to help. That drive led to the creation of numerous gluten-free and grain-free pastas that continue to set the standard for what's possible.

Cypress Grove Soft-Ripened Cheeses are a journey of transformation: the delicate yet pronounced flavor profiles of soft-ripened goat cheeses increase in complexity, creating a mind-blowing contrast between the mushroomy rind, gooey creamline & dense paste. The Original American Original®. Conceived in a dream (yes, really!) by founder Mary Keehn, **Humboldt Fog** is the masterpiece that paved the way for soft-ripened goat cheese in America. Each handcrafted wheel features a distinctive ribbon of edible vegetable ash. You'll enjoy buttermilk & fresh cream, complemented with floral notes, herbaceous overtones & a clean citrus finish. If you love Humboldt Fog & can't get enough of truffles, **Truffle Tremor®** is the cheese for you. Truffle Tremor has a bloomy rind that allows the cheese to ripen from the outside in with heavy floral, herbaceous & mushroom notes. As it continues to ripen & mature, the creamline develops and the flavor intensifies- ooey-gooley & not for the faint of heart!
